

KERAMIK

made from natural materials

Our scratch resistant and maintenance-free ceramic finishes are manufactured from natural materials. Slight variations in colour, form and surface are inevitable and make each door unique.

Pictures below show the various finishes in original size

Do you like the rustic look? Then ART-CORTEN might be for you. This finish will impress with its natural feel of aged steel

Tough and timeless with a touch of industrial design, this metal design effect ART-STEEL brings a cool touch to our doors for the 21 century.

An almost perfect replication of natural stone in optic and haptic. This impressive and surprising finish ART-STONE adds a spectacular design element to your home.

Imagine the elemental forces creating lava rock. The feel of hardend volcano rock is ART-BASALT. The optic and haptic of natural stone from volcanic origins.

A touch of luxury surrounds the ART-CARRARA. The name Carrara stands for tradition, quality and elegance. Inspired by its natural role-model this finish will transform your entrance into a stunning object of art.
